We all need help at times in our lives. Sometimes we may have accidents and we may get hurt. When we are injured or suddenly become unwell, we need someone to help us – someone who knows what to do. It is the temporary and immediate help. This timely assistance, comprising simple medical techniques, is most critical to the victims and is, often, life saving. Any lay person can be trained to administer first aid. This First Aid can be carried out using minimal equipment.
